

SCIENTIFIC/TECHNOLOGICAL PROJECT OR ACHIEVEMENT AWARDEE

**Paige Delgado
U.S. Environmental Protection Agency**

Paige Delgado was hired by EPA Region 6 as an On-Scene Coordinator in January 2009. Prior to working at EPA, she was an EPA START contractor for 8-years. In her current position in the Superfund Division, she conducts CERCLA and OPA Emergency Responses, Assessments, and Removals. A few of the notable projects she has worked on are: Hurricanes Katrina/Rita,

Harvey, Bonne, Laura, Delta, and Zeta Responses; Columbia Shuttle Recovery Response, Explo Systems (Explosives) Response, Assessment, and Removal; Operation Chemstroy/Syrian Chemical Removal, West Fertilizer Response, BP Deepwater Horizon Response, and the RRT6 Mercury Initiative. In addition to project/site work, she serves on the Tier 1 Health and Safety National Workgroup, the OSC Academy Training Board, and is an elected member of the Executive Steering Committee for the National OSC Workgroup.
